THE INCOMPARABLE MATERNAL LOVE

Get to know

Marina & Anaeli

Marina is Anaeli's mom. Both were born in Dolphin Discovery through our "Miracle Reproduction Program". Our Marine Mammals Specialists take care of the mother during her pregnancy and stay next to her during birth, looking after her and her calf.

Dolphin Discovery Puerto Aventuras was the venue of a rescue workshop in which 6 members of the stranding network in Isla Holbox were trained. They learned about medical care, took medical samples and shared techniques to rescue and move Marine Mammals.

Dolphin Discovery has a program called “Rescue Team” that has rescued, rehabilitated, and reintegrated various Marine Mammals. Thanks to the species that live in our habitats, these kind of workshops can be given, which will teach how to react during a stranding situation, always looking after the welfare of the species.

OUR PARKS IN ITALY HAVE BRAND NEW ATTRACTIONS

Zoomarine in Rome is a park of Italian tradition. Each year they open new attractions to surprise their guests. This year, some of their new attractions were a slide with light and sound and a new pool named “Punta Cana”, following the tradition of naming their pools with beach destinations. On the other hand, the most recently acquired park, Aquafelix in Civitavecchia, opened a show of divers that is already being carried out in Zoomarine with great success.

MEGA FAM INFLUENCER'S TRIP

From August 29 to September 2nd, in collaboration with Lomas Group and Wisemonkey, Dolphin Discovery carried out a Fam Trip of national influencers that visited Cancun, Isla Mujeres, and the Mayan Riviera.

The objective of this trip is to promote the beauty of the Mexican Caribbean and the activities that can be done in this destination through the effort of different companies in Quintana Roo and the effort of the influencers.

CARRIES OUT A SOCIALLY RESPONSIBLE EVENT

CÁRITAS

Mar del Plata

As a Socially Responsible Company, Dolphin Discovery Group seeks to support the communities where it has presence. This time, our park Aquarium in Mar del Plata, Argentina, gets together with Caritas Foundation to carry out a socially committed event. By donating non-perishable food, the guests will be able to enter the park at a preferential cost. The food will be donated to Caritas Foundation.

Get to know
more about

Marineland in Florida, United States, joined the Dolphin Discovery family last June. It is 81 years old and it's considered the first oceanarium in the world. It has a Dolphin Habitat where visitors can enjoy the interaction with these magnificent animals, an area with sharks and turtles where educational talks are held and a museum with the history of the park. In addition, guests can take a tour of the film studio, where the movie "Bernie 2" was recently recorded in July 2019.

CELEBRATING MANATEES

On September 7th, the International Day for the Conservation of the Manatee was celebrated, a species that is currently threatened. To commemorate this day and raise awareness about the care of this endemic species of the region, Dolphin Discovery made a traveling exhibition with information of the Marine Mammal, curious facts and exhibition of real bones, including a skull. The exhibition will be present in various parts of the city.

2nd Anniversary - Loving is caring

The responsible ownership campaign Loving is caring celebrated its second anniversary in July, with a pet friendly Mega Bazaar in the Dolphin Discovery parking lot.

More than 200 people attended and the main objective was to raise funds for sterilizations and to support rescue associations and animal welfare. 610 kg of animal food was collected, which at the end of the event was delivered to the shelters and associations that Loving is caring supports.

During the event, attendees found products and services for pets. In addition, they had the opportunity to listen to animal welfare and behavior talks taught by canine psychologists, veterinarians and expert trainers on the subject.

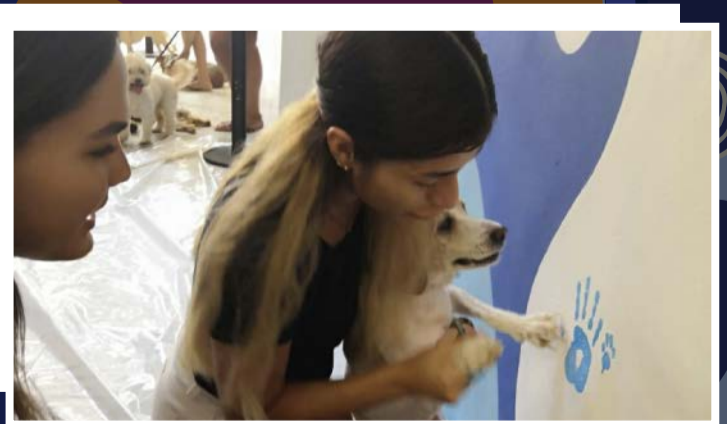

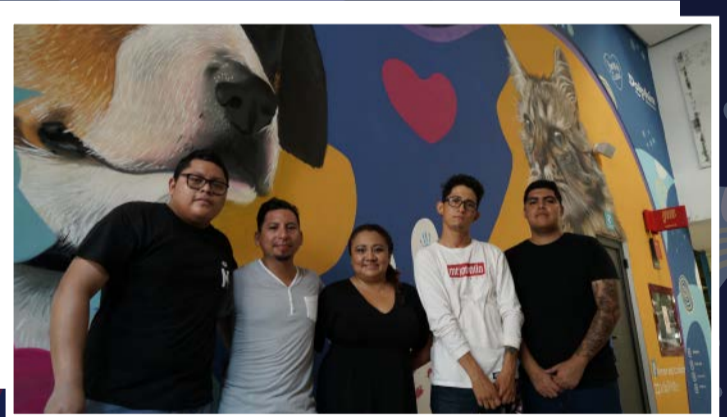

Get a nameplate for your pet at Dolphin Discovery Center located in Banco Chinchorro, LT8, MZ1, SM13, Monday through Friday from 8:00 AM to 2:00 PM and from 3:00 PM to 5:00 PM.

INAUGURATES A MURAL

Within the framework of the International Dog Day, the campaign “Loving is caring” carried out an artistic activation in Marina Puerto Cancun. On Saturday, July 20, at 3:30 PM, the mural “Leaving a Footprint” was inaugurated, which was created by a group of urban artists called “X La Pinta”, in collaboration with Andrea Angel, graphic designer of Dolphin Discovery Group. More than 100 assistants, together with their pets, immortalized their hands and paws, respectively, in order to make people aware of responsible ownership of pets.
